

Biblical teaching on topics relevant to ministry in Namibia. False teaching and wrong theology seems to be gaining ground and the PBS could become an effective tool in strengthening believers in the truth of God's word.

## WHAT IS IN A PBS?

A PBS will include a Study Bible, The Africa Biblical Commentary, a Bible concordance, a Bible Encyclopedia, the Shepherd's Staff, and many other books written from the African perspective on issues of theology, Christian marriage, youth ministry, ministry to people with HIV-Aids, worship, giving etc. Finally, the two conferences that each participant will attend will seek to challenge each one with relevant topics of ministry in Namibia.

LEADERS  
need to be  
READERS

Many Namibian Pastors do not have the means or the opportunity to purchase good Christian resource books. While many Namibians are becoming better educated, many Pastors with their limited training and resources struggle to prepare relevant challenging messages. The Pastors' Book Set (PBS) seeks to provide Christian resource books in English for Pastors to better equip them with tools they need for ministry. Books can help Pastors be obedient to Paul's words to Timothy, "*Be diligent to present yourself approved to God as a workman who does not need to be ashamed accurately handling the word of truth*" (II Tim. 2:15). The PBS is targeting 1400 Pastors in Namibia and organizing conferences in four key cities.

Participants will be invited to attend two conferences where they will receive books at each conference and

## ADOPT A PASTOR

A gift of 250 will provide a Christian worker with these books and with the opportunity to benefit from the teaching of two PBS conferences near to where he/she lives. Because so few Pastors have good quality Christian books, this investment can positively affect hundreds of people who sit under the ministry of those who receive

these resources. A carpenter would find it difficult to construct a chair without tools and similarly a pastor would find it difficult to construct an effective teaching message without tools of ministry.

**Would you consider adopting a Namibian Pastor and investing in the lives of African believers by covering the cost of books for one or more Christian Workers?**

# HOW DO YOU ADOPT A PASTOR?

Please begin by praying for these many pastors and Christian workers that God would make provision for His people. The church makes the most progress when it moves forward on its knees.

Please consider covering the cost of one or more pastors by sending a gift to:
