

Children's Ministries

No Degree Requirements
Previous Training- **Child Evangelism/ Discipleship Training helpful, Formal English teaching requires certification in the Dickens English Curriculum**

Term: **1-2 years.**

Positions Available: **2**

The SIM Uruguay team is praying for a dedicated single or couple to answer the Lord's call to come and work with children, in Montevideo or surrounding coastal cities.

If you enjoy working with children and have a desire to work across denominational lines, to strengthen the local church, this may be the perfect place for you!

Currently, Uruguay is one of the least evangelized countries in South America. The people are of European descent, and though there is a local church, it has been heavily affected by strong distrust of organized religion and hesitancy to work across denominational lines. SIM is beginning to have an impact in facilitating the uniting of local denominations to support and strengthen the Church as a whole. But it needs your help!

Whether it is working in the Sunday school programs in local churches, Child Evangelism Fellowship, Good News after school clubs, or a host of other established ministries, you will have an incredible opportunity to touch the lives of

children who need to hear the gospel. Once an internship is completed in the ministry of your choice, there will be room for expanding new ideas for the future, determined by the talents, gifts and vision of the missionaries God brings to be a part of this team.

In addition to the formal teaching options, there are many poor neighborhoods with pockets of new Christians to be discipled and ministered to. There are children to love, and lead, and let touch your heart! Please pray about coming to be a part of the field in Montevideo Uruguay!

Language-Spanish
Competency required (training is available).

*Rio Grande Bible Institute in Texas

*Local Berlitz School (non-resident program)

*self-directed study, by video, online services or software program.

There are no personnel to assist and oversee language learning at this time in Uruguay.

Opportunities for formal teaching in a Uruguayan Christian private school or preschool teaching at a Christian daycare—as well as working in poor neighborhoods...you decide!
